SUMMARY

Front end web developer and illustration designer, looking to bring great-looking design to the web. I recently graduated from the University of Washington Fullstack development program where I expanded my skills in HTML and CSS as well as developed new skills in Javascript and responsive web design.

I bring a passion for problem-solving and a thirst for knowledge to every project I undertake. Every problem provides new skills to utilize and the rush of coming up with a fresh solution. I am excited to bring my passion and unique skills to a team and build a better more intuitive web experience.

TECHNICAL SKILLS

Languages: HTML, CSS, and Javascript.

Applications: Bootstrap and Materialize.

PROJECTS

Make My Date | github.com/mfallesen/plannerly | mfallesen.github.io/plannerly-test

- A web app that helps people pick a place for them to go for dinner and a show on date night in their area.
- I was in charge of calling the restaurant api and having the return data randomly choose a restaurant in the users geographical location.
- Tools used: HTML, CSS, JavaScript, Zomato api, ticketmaster api, and weather api.

EXPERIENCE

Illustrator / Freelance

2017 – 2020

Sean Morgan Illustration

Freelance illustrator in designer having worked on varying projects from label design to national billboard campaigns.

Key Accomplishments:

- Designed billboards for a national campaign that were deployed in cities such as Washington DC and Chicago. Hired by Authentic (Richmond VA.)
- Most recently designed and illustrated the first custom labels for Flying Lion Brewery in Seattle WA.

EDUCATION

Bootcamp Certificate: University of Washington, Seattle, WA

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.

Bachelor of Fine Arts in Illustration: California College of the Arts, San Francisco, CA
